

SMS 'Konekta' for Actionstep

Send any Actionstep email template as an SMS direct from Actionstep

Powerfully combined with Actionstep Automation to send customised messages by SMS based on Workflow, Task Completion/Creation/Due Dates

Prices start from 15c per message

Features and Capabilities

- Completely automated SMS sending when combined with Actionstep automation.
- Custom SMS content, including Actionstep merge fields and conditional message logic.
- Conditional sending (STOP/GO) based on Actionstep conditional logic. E.g. don't send today if the message is out of date.
- Configurable send times with Time Zone. E.g. send at 9am Brisbane time, or avoid late night delivery.
- SMS Replies received as email to any matter participant (i.e. Lawyer assigned to the matter).
- Ability to send on step change via workflows. E.g. send SMS to a matter party when matter is opened or moved to a particular step.
- SMS Management Portal where you can manage SMS transmissions and top up your account.
- *Custom virtual phone number and choose what mobile number the SMS's are sent from.
- *Custom 'FROM' Text Name to customise the textual label that appears as the Sender Name.

* Additional cost apply for these enhanced options

How to Sign up?

Simply enable Konekta Integrations within your Actionstep system from the Admin > Integrations menu

Konekta offers smarter integrations with partners such as GlobalX, PEXA, InfoTrack, First Title, as well as advanced SMS, and Reporting features. Konekta pre-fills matter information with 3rd party services, and automates disbursements and document uploads on your matters, saving time and reducing risk.
